379	<b>TOUCH ACTIVATED GAS BURNER</b>	Portable completely self-contained compact burner features instant ignition for a fast & reliable start-up. Simply rest your hand on the touch sensitive pad to instantly ignite the burner. To choose the right flame for the job; a powerful butane blue flame or traditional yellow. The touch activated burner also features a handy dual use locking mechanism that will either lock the flame on for those longer jobs, or function as a safety lock that prevents accidental ignition. Weighing just 2lbs. Touch activated gas burner refills for pennies with premium grade butane gas & comes with a full 1 year warranty.	\$152.95
